Sole

Rubber/PU sole with a street/terrain tread, wear resistant and non-slip traction.

Optimal step and bend behaviour due to sporty toe and heel rounding. This rubber shell sole features the MSL (micro-soft-light) system that is the result of an additional production process to achieve extremely low weight, excellent cold/heat insulation and non-marking characteristics. The manually-applied rubber sidewall gives this sole optimal side stability. Compliant with EN ISO 20347:2007

Climate System with Micro-Dry lining at top of leg

HAIX® MSL System

MicroSoftLight: Improved damping, extremely low weight due to the PU foam across the entire sole area, good cold/heat insulation

Others

Integrated heel bend, lacing system with eyelets permitting smooth movement, clamps and self-closed hooks

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler
