350004 | mid/black

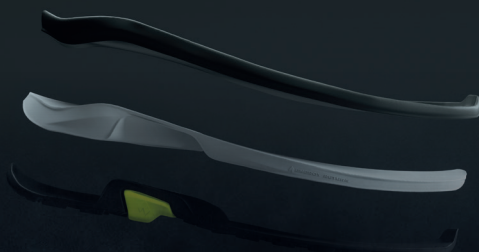

BOOST YOUR PERFORMANCE WITH CONNEXIS® FASCIA TAPE

Extra energy, and noticeably more power! With a pull on the tape, the fascia in the sole of your foot are activated. The trigger points in the insole provide additional impulses.

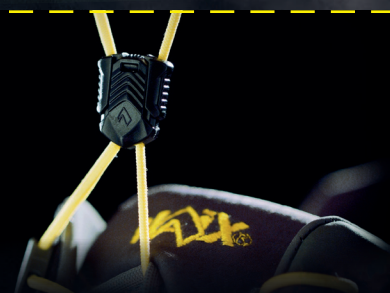

FOOT-FRIENDLY LAST DESIGN

More freedom. Your CONNEXIS® Go was made on a last that is based on the natural shape of your feet. It allows you to stand firmly and does not constrict your feet.

ENERGY-RETURN MIDSOLE

Endless energy. The Energy-Return midsole absorbs and releases energy with every step you take. This allows you to move through the day more efficiently and with less effort.

SMART-LACING WITH FLEXLACE

At full speed! Thanks to the innovative Flexlaces, you can put on and take off your CONNEXIS® Go in seconds. Without the hassle of lacing.
